

29 December 1952

MEMORANDUM FOR: Deputy Director (Administration)

SUBJECT : Report of Personnel Separations

1. You asked me to review the attached report for anything I might notice.

2. The memorandum from [REDACTED] points out that the turnover rate of [REDACTED] for last month is the lowest since December of 1951 and that the trend for the last three months has been:

September  
October  
November

25X9A2

3. This, though accurate, does not present the true picture as to what is happening. There is a seasonal factor, and actually the turnover rate for the past six months does not compare favorably with a similar six months in 1951, or the turnover rate for the past three months favorably with a similar three months in 1951:

June through November 1951  
June through November 1952

25X9A2

September through November 1951  
September through November 1952

25X1A9a

Special Assistant to  
Deputy Director  
(Administration)
